

COVID-19 Vaccine

The CDC recommends everyone 6 months and older get an updated COVID-19 vaccine to protect against the potentially serious outcomes of COVID-19 illness.

FDA-approved or authorized COVID-19 vaccines are currently available to all U.S. citizens and residents. Visit the CDC website for more information.

Getting the COVID-19 Vaccine

Desmond T. Doss Health Clinic does not currently have COVID-19 vaccines available. Please continue to monitor this website and our social media page for the most accurate information about vaccine availability.
