

Your Safety. Your Comfort. Your Choice.

Your well-being is our top priority. Every patient — and every health care professional — has the right to request a chaperone during a medical examination.

Thank you for choosing Desmond Doss Health Clinic for your healthcare needs. At Desmond Doss Health Clinic, you have a right to have a chaperone present during the visit. Please notify your healthcare team to request this service. For sensitive encounters involving the rectum, genitalia, or female breasts, a chaperone must be offered. Should you have any concerns, please contact clinic leadership or the Patient Advocate Office at: 808-433-8504
