

EFMP SCREENING INSTRUCTIONS

usarmy.tripler.medcom-tamc.list.pe-efmp@health.mil

PH: 808-433-4441 · FAX: 808-433-4316 · 0730-1530 M-F (excludes Holidays)

IMPORTANT NEW PROCESS—As the Army's NEW Enterprise-EFMP (E-EFMP) is in effect, Service Member must initiate any EFMP needs via E-EFMP Website. If Service Member's family members are in Hawaii, follow the instructions below:

1. Must create a DS Logon (if it's an adult family member who needs an update, he/she must create their own DS Logon/password):

<https://myaccess.dmdc.osd.mil/identitymanagement/registration.do?execution=e1s1>

2. Ensure soldier's milConnect account is updated/current. Will need supervisor's and commander's e-mail address.

3A. For new enrollments, or updates, Member request a “**Enrollment**” or “**Review**” via E-EFMP website: efmp.army.mil (Use Google Chrome)

Schedule an EFMP Update with family member's PCP who will enter update data into E-EFMP website once the electronic packet is received from the EFMP office.

Update/Enrollment will be processed via website where soldier can monitor progress. Note: Adult family members will subsequently need to sign HIPAA release and concur their own forms for accuracy during update/enrollment process.

3B. For Command Sponsorship (also known as EFMP screening), or overseas screening request a **Family Member Travel Screening (FMTS option)** via E-EFMP website: efmp.army.mil (Use Google Chrome)

Family members must have a current physical (completed within the past 12 months) **PRIOR** to screening request. If family member has a civilian provider, please obtain a copy of current physical exam encounter notes.

Once request/physical reviewed, other documents may be requested such as civilian provider encounter notes or Pre-Developmental Questionnaire (PDQ). When information is sufficient, EFMP will reach out to schedule screening appt.

Once our screening appt is completed, DA5888 is electronically sent to local MPD/HRD via E-EFMP website. Please monitor your packet via the website.
